Draft Road Traffic Special Speed Limit Bye-Laws 2021 (Croom L-8070-1 and L-8070-2)

Submission by Love 30, the Campaign for 30 km/h Speed Limits 11 October 2021

1 Summary

Love 30, the Campaign for 30 km/h Speed Limits, welcomes Limerick City and County Council's proposals to apply 50 km/h speed limit on several roads in Croom. However, we are disappointed that a lower speed limit was not chosen in the vicinity of a school and the limited scope of the proposals.

Love 30 recommends that 30 km/h should be set as the default urban speed limit in all built-up areas throughout Limerick, with exceptions for specific roads, as required by the Stockholm Declaration of February 2020 co-signed by Ireland. 30 km/h is the recognised safe vehicle speed where pedestrians, cyclists, and other vulnerable road users are mixing with vehicular traffic.

Should it not prove feasible to introduce a default 30 km/h immediately, Love 30 recommends that 30 km/h speed limits be introduced in all residential estates & other residential roads, in towns, villages & other neighbourhood centres, and that periodic 30 km/h zones be implemented around all schools and other places of assembly (cinemas, theatres, community centres, religious buildings, etc.), that have large numbers of people arriving and / or departing at the same time.

Love 30 is concerned that speed limits on both urban (50 km/h on Gateway Park, Elm Park Drive, Caemore Court, Maxwells Lane and other laneways) and roads with "ribbon" development (60-80 km/h on L1419 and L14191 at side of cemetery) are excessively fast and recommend that they be reduced.

In the Appendix attached we have given detailed commentary on the draft bye-law text.

It is good to see that the bye-law public consultation was included on the Council's website, a variety of media and on www.speedlimits.ie

Image 1: All ages and abilities should be able to cycle safely in company, and the 8-80 age cohort should be able to cycle safely independently

2 Who We Are

Love 30, the Campaign for 30 km/h Speed Limits, is a national alliance of individuals and organisations who support lower speed limits in urban areas. We are campaigning for the introduction of lower speed limits and more 30 km/h zones in urban areas, but particularly in town centres, residential areas, and near schools and other places of public assembly. The Campaign consists of walking groups, cycling campaigners, health groups, supporters of children's right to walk & play, and others who recognise the benefits of lower speed limits. We are also a member group of Cyclist.ie, the Irish Cycling Advocacy Network.

Our supporters include:

- Limerick Cycling Campaign
- Pedestrian Limerick
- Cork Cycling Campaign
- Cork Transport and Mobility Forum
- Bike-Friendly Bandon
- A Playful City Dublin
- 20's Plenty for Us
- Galway Cycling Campaign
- Sligo Cycling Campaign
- Dublin Cycling Campaign
- European Network for 30 km/h

- Jake's Legacy
- Climate and Health Alliance
- Irish Pedestrian Network
- JustWalkNow
- Phizzfest
- Playtime
- Cyclist.ie
- An Taisce
- An Taisce Green Schools
- WexBUG
- Politicians from across the political spectrum support the campaign.

Image 2: Children should be able to walk to and from school, play in their neighbourhood, visit grandparents, and go to the local shop.

3 Comments on Draft Bye-law Text

In the Appendix attached, we have given detailed commentary on the draft bye-law text.

Addendum bye-laws are novel and not used by other councils. Neither amendment bye-laws nor addendum bye-laws as the draft bye-laws are presented as, nor bye-laws for a specific purpose, e.g. for a specific location or for housing estates generally, are desirable and should be avoided if possible. To avoid unnecessary confusion, ideally there should only be a single set of such bye-laws at any given time. With this draft, it is proposed that Limerick have a total of four sets of speed limit bye-laws simultaneously and this risks having errors and conflicts.

The reasoning for the draft speed limit bye-laws is stated as "The purpose of these Bye-Laws is to accommodate for new roads in Croom County Limerick, namely the L-8070-1 and L-8070-2." These roads connect to the new campus for Coláiste Chiaráin which opened earlier in the year. Much of the new road is in a flood zone that is zoned agricultural. This means that the only traffic using the northern section of the road is agricultural or related to the school. It would seem eminently sensible to change the proposed speed limit to 30 km/h.

It is proposed to reduce the area of the 50 km/h speed limit zone around Croom (see image where the red line represents the proposed 50 km/h speed limit zone, overlaid on the existing speed limits). This has the effect of increasing the speed limit on the Limerick Road (possibly also known as Caherass Road).

Image 3: Map of existing speed limits in Croom, with the proposed 50 km/h speed limit zone super-imposed with a red line.

No effort is being made to correct any speed limit anomalies, such as 50 km/h on residential roads (Gateway Park, Elm Park Drive, Caemore Court, Maxwells Lane and other laneways) and 60-80 km/h on roads with ribbon development (L1419 and L14191 at side of cemetery).

Check the exact title and punctuation of 2019 bye-laws – different titles are used in various parts of those bye-laws.

Ensure titles used in various parts of these bye-laws matches the title used in Bye-law 1.

The draft bye-laws use the phrase "County of Limerick". Shouldn't this be "City and County of Limerick"?

In the 2018 and 2019 bye-laws, "Crecora Road L-1408" is listed as "Crecora Road L-8071". This should be checked.

As drafted, the bye-laws create the effect of having a 50 km/h speed limit for a short section of the N20 Croom Bypass (the area within the red line / pink shading), which was avoided in previous bye-laws by using a saver paragraph. This is inappropriate and risks bringing the bye-laws and speed limits generally into disrepute.

4 Exempted Drivers

The draft bye-law provisions for exemptions for emergency vehicle drivers are unnecessary as the matter is dealt with by Section 87 of the Road Traffic Act 2010 (as amended by section 23 of the Road Traffic Act 2014 - see below). Section 87 applies whether it is mentioned in the bye-laws or not. Moreover, the provisions could be open to abuse. We recommend that any such provision be omitted, so that loopholes can be prevented.

http://www.irishstatutebook.ie/eli/2014/act/3/section/23/enacted/en/html

"(1) Requirements under the Road Traffic Acts 1961 to 2010 relating to vehicles and requirements, restrictions and prohibitions relating to the driving and use of vehicles, other than those provided under sections 49, 50, 51A, 52 and 53 of the Principal Act, sections 12, 13 and 15 of the Act of 1994 and sections 4, 5, 11, 12 and 14 of this Act, do not apply to—

(a) the driving or use by a member of the Garda Síochána, an ambulance service (provided by a pre-hospital emergency care service provider recognised by the Pre-Hospital Emergency Care Council established by the Pre-Hospital Emergency Care Council (Establishment) Order 2000 (S.I. No. 109 of 2000)) or a fire brigade of a fire authority (within the meaning of the Fire Services Act 1981) of a vehicle in the performance of the duties of that member, or

(b) a person driving or using a vehicle under the direction of a member of the Garda Síochána, where such use does not endanger the safety of road users."

Appendix

- 1. Delete "DRAFT" watermark.
- 2. In the draft bye-laws, regional road numbers are variously written in the style of "R000" and "R-000". S.I. No. 54/2012¹ Roads Act 1993 (Classification of Regional Roads) Order 2012 uses the former style exclusively.
- 3. In the draft bye-laws, national road numbers are written in the style of "N-00". S.I. No. 53/2012² Roads Act 1993 (Classification of National Roads) Order 2012 exclusively uses the style "N00".
- 4. In the draft bye-laws, local road numbers are written in a variety of styles, some of which are likely to be incorrect.
